LUBE MASTER SERIES 5517

PREMIER WATER TANKS 2023

THE FIVE STEP BUILDING PROCESS WITH TPL

1 Assess Needs

We work with you to determine your needs and budget, creating an accurate quote

2 Design

We draft a product design, including all equipment, & then select paint colors.

3 Build

We meticulously fabricate and pre-fit all equipment, then complete paint and final detailing.

4 Test

We thoroughly test all products to ensure proper installation and functionality.

5 Delivery

Products are completed & ready for pick-up once final payment is received.

ABOUT PREMIER

Premier Water Tanks manufactures on-road and off-road water tanks for the heavy construction equipment industry. Premier's mission is to provide a consistent, reliable product that saves our customers money, and continually leads the industry with innovative design and solutions.

Premier is partnering with Taylor Pump & Lift to bring you a top of the line Lube Truck solution.

WARRANTY

We are not interested in selling you the largest truck possible. Instead, we tailor our lube solutions to match your company's size and budget considerations. We want you to leave with a product that you can afford, contains everything you need, and exceeds your expectations in every way. To ensure that is the case, we guarantee the lube-dispensing parts on all lube truck bodies and lube skids manufactured with a 5-year warranty
